12th Annual Cultural Competence Conference

Friday, Aug. 4 2023

STARLIGHT EVENT CENTER | 6650 Continental Dr.

Conference Overview and Target Audience

This educational activity is designed for all health care professionals and community organization staff. Its objective is to enhance interpersonal interactions within our health care system and ensure that services are delivered to the community in a culturally humane manner.

Objectives

Following the conference, the participant should be able to:

- Redefining leadership through the lens of inclusion, innovation, creativity, and belonging.
- Discuss how thinking with religion can help practitioners unearth some of their discipline's unexamined assumptions, generating new opportunities for dialogue.
- Describe social determinants of health using health disparities data.
- Demonstrate a foundational knowledge of the role of health professionals as it relates to the LGBTQ+ care.
- Analyze how both stereotypically negative and overly positive attitudes are harmful toward people with disabilities.
- Recognize the culture and conflict to develop best practices for conflict resolution in health care settings.
